Regimental Officer Academy

Dear FA 24 Candidate:

Congratulations on your selection to attend the Telecommunication Systems Engineering Course (TSEC) and welcome to Fort Gordon, GA. This is your first step in becoming a qualified Army telecommunication systems engineer! The training you will receive is designed to prepare you for follow on assignments as an Army Telecommunications Engineer. You will receive an educational foundation on various telecommunications subjects, hands-on training with Commercial-Off-The-Shelf telecommunications devices and receive current information briefings from military and civilian network engineers that are assigned to key organizations like the Defense Information Systems Agency and the Information Systems Engineering Command.

You are among the first students to attend this new course. You will be a pioneer in that you will help us validate our curriculum. We welcome your comments on how we can make this course the premier IT educational experience in the Department of Defense.

Again, welcome!! My staff and I will do everything in our power to make your experience at Fort Gordon a memorable one!

For a more detailed course description, in-processing information and points of contact, please visit our web site at <http://gordon.army.mil/fa24>.

Sincerely,

//S//

Horace R. Carney, III
MAJ, SC (FA 24)
TSEC Course Manager
